Education

Bachelor of Science in Computer Science
The University of Alabama – Honors College
GPA: 3.8/4.0
May 2020

Technical Skills

Programming Languages: C/C++, Swift, JavaScript, Typescript, Node.js
Frameworks: Angular, Express
Tools: Git, Xcode

Relevant Experience

DEVELOPER INTERN | INSURESOFT | MAY 2018 – AUGUST 2018

o   Wrote front-end code for Diamond REST API documentation using JavaScript and Angular framework.
o   Created JSON request data and Diamond API code samples in Python so that Insuresoft's customers can easily integrate with Insuresoft's services.
o   Implemented server-side code to load data for different versions of product using Express.js
o   Collaborated with other developers to design additional features to improve overall functionality of the documentation.

Projects

Tweety Wallet (Crimson Hacks 2018) https://devpost.com/software/tweety-wallet

o   Worked with a team to design an application that helps user decide what to do with their cryptocurrency using facial recognition.
o   Designed a simple user interface to display multiple graphs of cryptocurrency Twitter data.
o   Awarded First prize for best use of Amazon Web services.

Food Pro - https://github.com/hashah88/foodPro

o   An iOS app that helps people familiarize with names of common Indian food by quizzing them.
o   Implemented User Defaults to keep track of the user's score for each category.
o   Designed a user interface (UI) using Material Components as well as presented Popup view via animation.

Pizza Hunter - https://github.com/hashah88/PizzaHunter-APP

o   An iOS RESTful app that allows users to search for Pizza restaurants around them and also shows the Restaurant details.
o   Utilized Yelp API to collect the data and used a Siesta framework to smooth the networking process.

Additional Experience

FRONT DESK CLERK | AMERICA'S BEST VALUE INN | AUGUST 2017 – JANUARY 2018

o   Oversaw online reservations and updated the changes in the prices on the hotel's website.
o   Strategized schedule and supervised the work of front desk employees.
